

# YOU SHINE

Words and music by Johnny Wang

## V1:

C    F  
Flow like a river    Burn like a fire  
Am    F  
Come like a small voice within  
C    F  
Roar like a thunder      Blow like a wind  
Am    F  
Shine like the morning star

## V2:

                    Am      F                      G  
In the darkest night You shine  
                    C      F      G  
The light of salvation  
                    Am              F              G  
And I know You give me peace  
                    Am      F      G  
When I hear Your voice  
(Just to hear Your voice)
